# REGAN NITZ

• junior web developer •

## ABOUT ME

I'm a creative, design-focused web developer. My goal in my work is to combine form and function to create beautiful, easy to use, web-based applications. I'm looking for work in a fast-paced and creative environment that allows me to continue learning and growing as a developer.

## COMPETENCIES

| | | |
|---|---|---|
| • Collaboration | • Responsive to feedback | • Adaptability |
| • Research | • Communicative | • Conflict management |
| • Problem solving | • Customer relations | • Self-motivated |

## TECHNICAL SKILLS

**Languages:**  C#, HTML, CSS

**Databases:**  Sql Server, Entity Framework

**Operating Systems:**  Windows, Mac

**Office tools:**  MS Office (Word, Excel, Power Point, Outlook)

**Web Technologies:**  PostMan, Swagger, GitHub, ASP.NET, Angular, Visual Studio

**Skills:**  Responsive Design, Debugging, Agile

## PROJECTS

**Portfolio v1.0**
The first iteration of my portfolio. Created with CSS 3 and HTML 5, also utilizing Bootstrap.
*https://github.com/nitzregan/Portfolio*

**Console App Challenges**
This project was created using .Net C#. It is a series of console applications, each completing a different objective. Each app has the ability to create, update, and delete list items.
